

London

3rd Nov 18. 1864

Respected friend

G. J. Storey

I hope thou wilt
excuse my troubling thee about
a mere trifling matter, but as I

brought to you by  CORE

provided by University of Tasmania Open Access Repository

earnest as a collector of ^{postage} stamps
I make free to ask thee if thou
wouldst kindly enclose a few
old ones in thy next letter &c.

If thou hast some old colonial
letters by thee it will perhaps not
be much trouble, but if such
should not be the case, I would

on no account have thee
take any trouble in the matter.

The kind much in request
here are the cheaper kinds as
used in the colonies, for these
are rarely used on letters sent
to England. -

The U.S. Land "one penny" stamps
are, I find, rather rare amongst
juvenile collectors. -

I like to encourage young
folks in beginning pursuits
of some kind or other, as it
leads to habits of application.

Shouldst thou have any
young folks about thee who

are stamp collectors I shall
have much pleasure in
returning the compliment.

Thy esteemed favour now
received shall have prompt
& careful attention. —

I am

Thine respectfully

Edwin Pausome
